CROSSVILLE CHRONICLE

CONSOLIDATED
1895

VOL. XXXII.

CROSSVILLE, TENNESSEE, WEDNESDAY, APRIL 3, 1918.

NO. 14

SHOOTING SCRAPE

Bob Swafford Gets Bullet in the Lungs and Recovery Is Doubtful.

Saturday night, March 23, there was a dance at the home of Lem Hardin, who lives near the Bledsoe county line in the old third district of this county. Bob Swafford was shot three times by Hugh and Bert Price, it is charged. One shot went through the left arm, another under the left arm and into the lungs, while the third grazed his leg. The shot in the lung, is the only one that is regarded as dangerous. Doctors who are waiting on Swafford claim the chances for his recovery are not favorable.

Thursday, Deputy Sheriff G. W. Walker went to the home of Hugh Price and arrested Hugh and Bert Price and brought them to town. They were tried before Esquire Thomas Randolph and bound to court in the sum of \$500 each.

This shooting was the result of an old trouble between the Swaffords and the Prices. About two years ago Bob Swafford and one or more brothers shot and killed Lee Price, a brother of the Price boys, at Litton, in Sequatchie valley. It is regarded as only started for there are several of the Prices and Swaffords, all of whom are known to be dangerous men, and no one expects the trouble to end where it is, whether or not Bob Swafford lives.

MUCH INTEREST AROUSED

People Awakening to the Food Needs and Active Work Begun.

The interest manifested in the girl's and woman's club work in different localities where the Home Demonstration agent, Mrs. E. B. Cope, has been holding meetings is most encouraging. Clubs at Creston, Pleasant Hill, Ozone, Crossville and Pomona have been visited since Mrs. Cope returned to the county. In the gardening and poultry work the club members are planning to accomplish more than ever before.

Night meetings have been held at Creston, Pleasant Hill, Pomona, Ozone and Genesis, and demonstration in the making of hot beds and in meat saving dishes have been given at day meetings. Monday the High School Canning and Poultry Club was reorganized. Tuesday the Home Demonstration Club held its first spring meeting at the library.

Thursday night a patriotic meeting will be held by the Home Demonstration Club, at 7:30 in the Court House, for which an interesting program of speeches and music has been arranged. All citizens are urged to be present.

STRIKE AT MINES.

The miners struck recently at Ozone and Waldensia. The trouble at Ozone seems to have been quickly adjusted, but at Waldensia the settlement was still in doubt Saturday. The miners have expressed a willingness to return to work, but the company has not yet decided just what course will be followed and the matter may not be settled for a few days yet.

DAYLIGHT SAVING.

The law recently passed by Congress directing that at 2 o'clock Sunday morning all clocks be turned forward one hour went into effect without a hitch.

The law further provides that at the same time in the morning of the last Sunday in October of each year the clocks shall be set back one hour so that in the winter the time will be as in the past, but in the summer when longer work days are needed or when all the daylight time can be hunched at the end of the day, the clocks will really be one hour faster than the sun.

This condition has little effect on the farmers and the country people generally further than that they will find it far more convenient to change their clocks so as to be in harmony with other business people. In the cities and in factory districts the

change should prove helpful for by getting all the daylight at the end of the day the factory workers will be able to use that time for making gardens and many other things that will be saving of cash outlay.

The trains of the country, postoffices and all public works and most private individuals will conform to the new time for convenience as well as the other benefits.

LIBERTY LOAN COMMITTEE

Ladies of Cumberland County to Assist in Placing Third Liberty Loan.

In this time of direst need, when the dominant powers of despotism are striving by every art and method known to overthrow the enlightened progress of a thousand years and hurl our twentieth century civilization, with all its signifiers of liberty and equality, backward into the dark ages of servile bondage and oppression, necessity demands that all, women as well as men, shall rally to their country's call.

The patriotism of America's womanhood is everywhere manifest by the active interest she is taking in the several plans adopted by the Government to meet the demands which this crises renders imperative.

That Cumberland County may demonstrate its loyalty in placing the third series of Liberty Loan Bonds the following committees have been appointed:

Crossville: Madames C. E. Snodgrass, Martha Rea, C. G. Black, Geo. P. Burnett, Lelah DeGaulle, S. C. Bishop, J. W. Doron, Geo. A. Taylor, Chas. Keyes, Andy Elmore, J. S. Reed, W. F. Bandy.

Creston: Mrs. A. A. Tabor, Chm., Crab Orchard: Mrs. G. Lester Hill, Chm.

Grassy Cove: Miss Frances Kemmer, Chm.

Isoline: Mrs. L. L. Martin, Chm., Pomona: Mrs. Pauline W. Clark, Chm.

Pleasant Hill: Miss Emma F. Dodge, Chm.

Waldensia: Miss Anne Melvin, Chm., Peavine: Mrs. G. F. Brookhart, Chm., Mrs. Chas. Comstock, County Chairman.

MAKE YOUR DEPOSIT

Nitrate Will Be Ready for Shipment in a Few Days.

County Agent W. G. Adamson has just received a letter from the department at Washington notifying him that a shipment of nitrate of soda is expected at Norfolk, Va., "in a few days from which practically the entire quantity of nitrate for farmers of your county can be shipped to you." The letter further says: "In order to obviate any delay it is suggested that you get in touch with farmers, have the money deposited."

The proper person with whom to place your money is Cashier J. S. Reed. The price fixed by the government is \$75.50 f.o.b. cars at Norfolk. To that must be added the freight, which will not be very heavy, probably less than 50 cents a hundred pounds.

There should be no delay in the paying in the money for the nitrate as it will not be shipped until the money is in the hands of the government.

There never has been a year when it will pay better to use nitrate than this year, and those who do use it should be careful to see that it is not used in a way that it is not wasted. Mr. Adamson will gladly give advice to those who wish it and will ask him.

ISOLINE

Wm. Sexton, of Knoxville, is here, as superintendent of the mine being operated by E. H. Sprinkle, of Knoxville.

Mr. and Mrs. Albert Duerr gave a party Saturday night which was attended by a large crowd of young folks.

Mrs. L. L. Martin gave an Easter egg hunt, Sunday, which was attended by a large crowd of young and old people. A most enjoyable time was had.

W. C. Elmore is doing a good business here, as a merchant. Many cars of ties are being shipped from here by Ayers & Lord Tie Co., Apr. 1. Resebud.

VOTE CANVASED

No Contests and All Is Harmonious in the Party Ranks.

The committee of five appointed to canvass the vote of the republican primary election held March 9, met in the county court room March 16, at noon to canvass the returns as sent in by those who held the election. There were no contests and no irregularities where found anywhere. All the defeated candidates accepted the results gracefully and there was no evidence of anything other than harmony.

At two precincts, Byrds Branch and Millstone, there was no election held. The other 22 precincts made proper returns and the total vote proved to be 1076, which was some lighter than expected.

Contrary to the estimate of some S. C. Cline had the largest majority of any candidate. His majority over Frank Potter for register was 315. S. N. Smith came next with a majority of 299 over Geo. P. Burnett for county judge.

T. F. Brown for trustee has a majority over his nearest opponent, E. S. Jones, of 146 and over Sampson DeRossett of 367. Mr. Brown lacked 19 votes of getting as many as both his opponents.

For circuit court clerk Herman Hendley has a majority over his opponent, W. C. Keyes, of 243.

The race for sheriff was a three cornered, as was the race for trustee. J. S. Garrison won over his nearest opponent, "Duck" Smith by 194 votes and over G. W. Walker by 216 votes. The two opponents of Mr. Garrison received, together, 61 more votes than he did.

In the case of W. D. Hedgecoth for County Court Clerk there was only one candidate which naturally gave him the largest vote of any candidate. But the fact that he had no opponent, resulted in the failure of several to vote for that office. His total was 834.

In spite of the fact that E. M. McCatt withdrew from the race for sheriff two days before the election he received a few votes. All told his vote was 24.

Following is the vote received by each candidate by precincts.

SHERIFF

	Garrison	Smith	Walker
Crossville	105	70	20
Creston	4	25	17
Burgess	75	11	16

P. Hill	7	11	16
Pomona	16	5	17
Vandever	37	31	55
Totals	638	395	837

Hendley's majority for circuit court clerk over Keyes, 243.

PAPER AT LAST.

We are this week giving our readers a paper, after missing last week entirely and being forced to issue a paper the week before that was not to our liking by any means.

The trouble all lay with the fact that we were delayed in getting repairs for our engine. We did all possible with the telephone and telegraph, but the delay was long and tedious just the same. Everything is now moving along in good shape, and we hope to be spared any more such trouble.

MRS. HUGHES DEAD.

Mrs. Elizabeth Hughes passed away March 23 at the home of her daughter, Mrs. Thomas Turner, Howard Springs, age 87, had she lived until April 15. She came here from North Carolina when 14 years of age and married Isaac Baker Hughes, living here until her death. She leaves four daughters and one son, all of whom are married and living in this county.

She was a member of the M. E. Church, South, and had been a faithful and consistent member of the same for 40 years. She leaves a husband, Isaac Baker Hughes, who is now over 80 years of age. She was widely known over the county and was lovingly called Grandma Hughes.

The funeral services were conducted at the Pomona church, Monday, by Rev. Robt. Hall. The remains were laid to rest in the Pomona cemetery, and was attended by many sorrowing friends and relatives. Grandma Hughes will be missed by those who knew and loved her.

CARD OF THANKS.

To those who kindly ministered to our dear wife and mother in her last illness, we extend our most grateful thanks.

I. B. Hughes and children.

HYDER-SULLIVAN.

Mr. Baxter Hyder, son of J. G. Hyder, and Miss Della Sullivan were quietly married by O. B. Rector at his home Feb. 16. The young couple are each 19 years of age and fully competent to make the battle of life. They will live for a few months with the parents of the groom, at Hydertown. During the summer Mr. Hyder will build a neat home on his property near Hydertown, and this fall the young people will move to it.

Miss Flora Snow, of Rockwood, was the week-end guest of Miss Lelah Burnett.

J. T. Shadden was up from Watson yesterday shaking hands with friends and looking after business.

Mrs. S. C. Bishop was confined to her bed with a severe bilious attack for a few days, but is better.

Chancery Court is in session here this week and Attorney J. W. Cooper, of Cookeville, is on the bench for Judge A. H. Roberts, who is now very busily engaged in his campaign for the gubernatorial nomination.

Albert Bristow and wife are here from Washington, D.C., to make their home. They have purchased the cottage and small acreage owned by J. R. Adams. Mr. Bristow is related to the Birtows of Grassy Cove, but has been in other parts of the country for several years.

Yesterday Deputy Sheriff G. W. Walker arrested a man of very marked German build as spy. The man was riding a motor cycle bearing a 1917 license tag. His belongings were searched and he was found to have about \$80 in cash, some state maps. He also has several individual cards bearing the name: Reinert Hansen, Civil Engineer. He was released.

J. L. Burnett has purchased a neat covered delivery wagon and is now prepared to deliver goods in any kind of weather without danger of them being damaged by rain.

G. F. Brookhart was up from Peavine Monday on business. On his return home he was accompanied by his wife, who had been passing a few days with home folks.

Corn Stalk Fodder to Sell—Cheapest feed you can get, at 10 cents per large bundle. Wm. E. Read.

Lime and Fertilizer Sowers—make your soil more productive. Aids farming. We have one on hand. Bilibrey & Phillips.

J. E. Taylor has sold his 192 acres of undeveloped land one mile east of town to R. H. Millard for \$2,000. Mr. Millard was immediately offered a handsome profit on his deal but refused it.

In this issue appears the announcement of Jere Morrow was a candidate for Justice of the Peace from the first district. Esq. Morrow has been recognized as one of the leading justices ever since he became a member of the county legislative body. He has tried many law suits and his findings have rarely been reversed by the higher courts. From his extensive experience he is certainly better qualified to serve the public now than at any other time. That he will have a strong following in this district there is no doubt. His special claims for the votes of the people he will make known in person.

Indelible pencils at the Chronicle office.

J. L. Qualis has recently bought a new Maxwell car, T. M. and Rome Rector have bought a new Buick and Geo. E. Taylor has bought a Ford. There are probably 50 cars in the county now. The number will increase as our roads are constructed and the new roads become better.

John W. Tucker, Jas. Smith and Fred Reece, all from near Erasmus, left Monday for Camp Gordon, Atlanta, Ga. This completes the quota for this county for the present draft.

Crane's stationery by the quire and envelopes by the bunch at the Chronicle office. Nothing made better than Crane's.

R. R. Dunbar and Tom Beadle went to Nashville, Monday.

The new store of Reed & Smith is moving along as well as their ability to secure material will permit. The floors are laid, the side ceiling is on and men are expected here soon to begin putting on the brick veneer. J. O. Buck is in charge of the work. Mr. Buck seems to be a competent and skillful builder.

Gordon Smith, son of James Smith, and Thomas Wortham, were in Chattanooga a few days ago and Gordon Smith joined the army. The boy is only 14 years of age and his father will have no trouble in getting him out when he gets ready to make the effort. Letting the boy try army life a while may prove helpful.

Last week Powell Garrison, 13 year old son of Mr. and Mrs. A. L. Garrison, was stricken for the second time with an attack of appendicitis. Tuesday he was taken to Nashville and operated upon Wednesday. The lad is getting along well and will probably return home in a short time.

James Davis is very sick at his home in the north end of town. He is not expected to survive many days. Tuberculosis is the trouble.

At the Chronicle office you can get pen tablets, examination tablets, fountain pen ink in five and ten cent bottles, pocket note books, stenographer's note books, Crane's fine stationery in two-quire boxes and other stationery such as you do not find elsewhere in this county.
